Deacon Occie J. Wooldridge, of Hixburg has returned home after an operation at the Southside hospital at Farmville.

Frozen Beauty

Figures carved in ice are popular as centerpieces at East coast banquets and parties. Miss Madeline Stone has been sculpturing such things as swans, battleships, horses of plenty and cupids for the last three years. Her studio is a room in a Boston ice company where she chisels her statuettes from blocks of artificial ice. She must work in a temperature of 28 degrees, so she wears an overcoat and mittens.

Minute Make-Ups

By GABRIELLE

Build up your Beauty Defense! A Minute here, a Minute there, adds up to a real Beauty Defense. One Minute, night and morning, for patting with astringent, clears and tones the dullest skin. A Minute for gentle patting under the eyes with eye cream smoothes out the lines.

From where I sit ... by Joe Marsh

Definition of a Great Man

At Bill Webster's the other evening, we were kidding Bill about his children always saying that their pop's "a great man."

"Well, the kids are right," chuckles Bill. "Everybody in America's a great man. You just can't be part of greatness and not share in it."

In America (argues Bill) things that used to belong only to the great are common property: a share in government through the right to vote; individual liberties guaranteed by constitution; freedom to speak one's mind; to work at what one pleases; to choose what one likes to eat or drink ... whether beer or buttermilk.

But from where I sit, there's one important point to add ... to make Bill's definition ring true. We must be worthy of this greatness. We must have the humility to appreciate these blessings ... never abuse them with intolerance, intemperance, or indifference.

Joe Marsh

THE LONG HAUL lies ahead

WHY THE PULPWOOD SHORTAGE GROWS DOUBLY ACUTE AS ACTION SHIFTS TO PACIFIC

THE ONLY PEOPLE who think Victory in Europe will ease the pulpwood shortage are those who flunked their geography. A look at a globe shows how much more difficult the supply problem becomes as major action shifts to the Pacific.

WAR IN PACIFIC IS DIFFERENT

Not only are the distances vastly greater but conditions are entirely different. In Europe port facilities permitted bulk shipments. In the Pacific every item must be *double* wrapped to meet the more difficult handling and climatic conditions.

DON'T WASTE PRECIOUS TIME

Cut only quality pulpwood. Rotted, excessively crooked or thin logs slow the war effort.

VICTORY PULPWOOD COMMITTEE

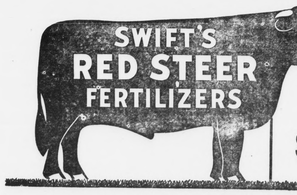
Give Your Crops a Square Meal

To have pep, vitality and health, you need three "squares" a day—plenty of good nourishing food. It's the same with your tobacco or 'taters, peanuts or pumpkins. Give any crop a square meal of Swift's Red Steer Fertilizer and you'll get stronger plants that grow better, yield better and pay better.

Your Authorized Swift Agent will be glad to help you select the grade that will give your crops a really square meal this year.

Carefully made from carefully selected ingredients, Swift's Red Steer Fertilizer is properly cured. Every step in manufacture is scientifically controlled. It is double-mixed, free-flowing. In other words, Swift's Red Steer is top-quality fertilizer.

You'll want the extra crop-making qualities Red Steer gives you. So see your local Swift agent today and arrange for your complete needs.



Red Steer Fertilizers are made in well-equipped plant food factories located in Wilmington and Greensboro, North Carolina; Columbia, South Carolina and in Norfolk, Virginia.
